

Greenyard publishes its Annual Report 23/24: discover the stories and figures behind Greenyard's strong results

Sint-Katelijne-Waver, Belgium, 19 June 2024

Greenyard today announces the publication of its Annual Report for the financial year 2023-2024. The integrated report, [available now](#), details the Group's strategic, operational and financial performance, as well as the company's leading role in sustainable food systems and the progress in its ambitious sustainability roadmap.

As already announced on 23 May 2024, Greenyard achieved a strong financial performance in 2023-2024. The Company outperformed the industry, exceeding € 5 billion in sales for the first time in its 40-year history. A significant milestone, with a remarkable 10,9% increase compared to last year (like-for-like). Greenyard also saw significant growth in Adjusted EBITDA (+11,5% to € 186,5 m), Net Result (+63% to € 15,2 m), and a continued decline in its leverage ratio to below 2 x (1,87 x).

Greenyard is taking a leading role in the crucial dietary shift towards healthier and more sustainable eating. The Group therefore remains dedicated to pioneering tasty, convenient and healthy pure-plant food experiences in a broad and diverse offering of fresh, frozen, and prepared fruits and vegetables. Greenyard will continue investing in its facilities, a resilient food supply chain and innovative product development to meet evolving consumer needs. Significant strides forward were made over the past financial year; how this was enabled can now be discovered in the Annual Report.
